Hi David,

I just wanted to let you know how happy I was with Move Plus. The four guys you sent for my move were awesome. I was impressed with how hard and quickly they worked. I was especially impressed with their professionalism and customer service. Tony and his crew of three were very friendly, helpful and considerate. They busted their a@%.

Before I hired Move Plus, I did *a lot* of price comparing. Move Plus had the best rates by far. I got four movers for less than what most other companies were charging for two or three men. You wouldn't know by how hard those four men worked.

Moving is not fun. My family and I had several stressful weeks of packing, cleaning and preparing for the move. I was expecting move day to be equally as stressful. Boy was I wrong. Move day was the easiest day of the entire affair. Tony and his crew took care of virtually everything. I had to do a little directing here and there but for the most part I just sat back and let them do the work. It was most relaxing day I had had in weeks.

Lastly David, I want to thank you. Our move was not an easy one. We had to postpone moving day twice and the last one was even slightly up in the air. Working with you to get everything in order could not have been easier. You were very patient, courteous and helpful. Thanks to you everything went smoothly.

Should I come across someone planning to move, I will gladly and earnestly recommend Move Plus. My wife, who is in real estate, will happily do the same. Thanks for the good work.

Sincerely,

Patrick Yates
An extremely happy customer.
